Ingredients:

Myo-inositol 500 mg, Folic acid 100 mcg, Vitex 50 mg, Fertility supportig blend 448 mg.

Myo-inositol has shown promising results in studies of women with PCOS.

* Promotes egg quality * Reduces food cravings * Improves ovarian function * Regulates menstru cycles * Decreases excess androgens * Supports normal lipid levels * Restore balance to hormones * Reduces risk of gestational diabetes * Improves the way the body uses insulin * Restore normal ovulatory activity and fertility in women with PCOS * Improve egg quality and pregnancy rate in women with failed IVF * Improve pregnancy rate and lower cancellation rate in women with PCOS.

Vitex: It works by stimulating the hypothalamus-pituitary axis to secret the right hormones in the right amounts at the right time to restore hormonal balance naturally.
