Super Kids Sachet

15 microbiotic strains for kids

How Super Kids work ?

Super Kids restores the balance of friendly bacteria in intestines, increases absorption of nutrients by the body, and increases body's ability to resist microbial attacks.

Advantage of Super Kids

Super Kids sachet contains 15 different beneficial bacteria. Conventional probiotic preparations either improve immunity or gut health or reduce lactose intolerance. But **Super Kids** reduces lactose intolerance besides improving immunity or stomach health. Also relieves allergic rhinitis and other flu like symptoms.

Dosage: Take 1-2 sachet daily with milk or water or fruits juice or as directed by the physicians.

Storage: Store in a cool & dry place, away from heat and direct sunlight.

Packaging: 10 sachets/Box.
